SUBJECTS

Acoustic measurement

- Acoustic measurement of change in voice quality with treatment for chronic posterior laryngitis, 279

Acquired immunodeficiency syndrome

- Kaposi's sarcoma of larynx, 563

Action potential

- Summating potential and action potential gradients on and in vicinity of round window in guinea pig, 139

Acute hearing loss

- Clinical observations on acute low-tone sensorineural hearing loss. Survey and analysis of 137 patients, 746

Adenoid

- Role of adenoids in pathogenesis of otitis media: bacteriologic and immunohistochemical analysis, 619

Adenoma

- Recurrent pleomorphic adenoma of parotid gland involving osseous external auditory canal. With note on foramen of Huschke, 589

Aging
